

Introducing United Screening's Post Hire Criminal Monitoring Solution

USS Crime Track is a highly advanced post-hire screening solution that monitors enrolled employees on a continuous basis, alerting your team to new criminal record information as well as changes to existing records.

Employers rely on **USS Crime Track** to proactively identify risk post-hire and to reduce their exposure to liability.

USS Crime Track empowers employers to proactively identify factors which increase their risk to negligent retention claims, workplace violence, loss due to internal shrinkage and public embarrassment through negative publicity.
